About The Tournament:

U10/U11 Mini World Cup 2010 – World Cup Edition

The U10/U11 Mini-World Cup, which was the first of its kind to take place in Canada, is an event that FC Capital United Soccer Club continues to host with great pride. The National Capital Region lends itself as an ideal location for this tournament, given the broad diplomatic representation serving the area.

Consistent with our thematic approach to this tournament, this year each team will represent one of the nations scheduled to take part in the 2010 World Cup. The tournament consists of 32 boys' teams from Eastern Ontario and other regions. There will be a total of 16 teams accepted, per age group, U10 and U11.

The goal is to offer each team an opportunity to “represent” one of the participating countries at the 2010 World Cup; and to instill upon them a sense of celebration behind the community of cultures who are involved in this year's competition.

Each team will be issued a set of jerseys as a keepsake of this unique soccer tournament experience. All teams and coaches will be honored in the official Opening Ceremonies within the “Parade of Athletes”. This year, we anticipate over 1500 spectators in attendance.

The worldwide passion for the sport binds humanity across cultures and countries. It captures the imagination and dreams of our youth. This is what makes it the “beautiful game”.

We extend our sincere gratitude for any media support you can provide.

Yours in the spirit of soccer,

Deborah Evraire
